

Future generations need to eat, too.

Now even the littlest Earth lovers can eat green with our lineup for Eco-Products® Kids. Starfish, Dolphin and Wendell the Whale adorn this sea-themed suite that boasts the same environmental benefits as our stuff for grown-ups. The line includes a compartmentalized plate perfect for serving kid-sized portions, a cup/lid/straw set for juice, milk or hot chocolate, a dual-sided activity placemat, and kid-friendly cutlery.
